"It gives me pleasure to write you this letter at this time on account of th good your Peruna has done me when I was quite done up with a very bad cold.
"I could hardly perform my ordinary duties, but from the use of Peruna
I am almost restored to health.

"I am quite convinced that it has helped me from chronic catarrh, to which I am subject. It has also benefited my throat. "I could hardly eat anything that agreed with me. Before I would get half through my meal my stomach would fill with gas, causing me much distress and unpleasant feelings for an hour or two after each meal.
"Hut, thanks to your Peruna, I am now completely cured, and can eat anything I want to without any of the distressing symptoms. I can now enjoy my meals as I used to do, and it is all due to Dr. Hartman and his wonderful medicine, Peruna.

"It has been one year since I was and my sleep was refreshing."

A Nervous Breakdown.

Mr. Lewis Zim, editor and proprietor of "St. Augustine Meteor," writes:
"Any man in public work finds at simes that he is under a peculiar nerve stress. I found that with it I lost my appetite, and my brain seemed to work unceasingly during waking and sleeping hours, so I was tired and worn out in the morning.

"Tonics and invigorators were suggested and tried, but nothing was of beniefit to me but Peruna. That is certainly a remarkable medicine. I was restored in three weeks to my normal healthy condition, my appetite returned and my sleep was refreshing."

SOURI IMPROVE.

Columbia, Mo., April 28.—"Missouri has 800 miles of macadam roads, and of this 120 miles were constructed in 1908," said Curtis Hill, State Highway Engineer. More than 300 miles of gravel roads were built last year, making about 4,600 miles in all.

In the year \$1,658,200 was expended, of which 5.4 per cent was donated.

"The State is more interested in road work now than over before," said Mr. Hill.
